Wipe top of cans with clean damp cloth, open can with can opener. <p>Cooking Methods:</p> <ol style="list-style-type: none"> Open cans & place beans into a colander. Drain and rinse all beans under cold running water. Drain excess water. Place beans into a large stainless steel bowl. Add diced peppers, onions, green beans, carrots, cilantro, and scallions. Add garlic powder, ginger, salt and pepper Add oil, honey, lime juice and vinegar. Mix all ingredients gently, as to not break beans. Portion beans salad into a 5.5 oz soufflé cup. Fill cups to top for a total of 5 oz per cup. Place on colored trays for self-service.
<p>Serving Size: 5/8 cup</p> <p>Meal Pattern Contribution: 5/8 cup vegetable (3/8 cup legumes, 1/4 other vegetable)</p> <p>**USDA Foods Canned legumes (in #10 cans) such as kidney, pinto, Great Northern, chickpeas and small red beans yield differently based on amount per #10 can. Check the Food Buying Guide (FBG) for appropriate amounts to substitute. Cannellini Beans are not listed in the FBG but are similar in size and portion to kidney beans. 1 #10 can of kidney beans yields 38.9 servings of 1/4 cup drained beans. Small Red beans - 1 #10 can (111 oz) yields 31.9 servings of 1/4 cup drained beans. All additional vegetables (peppers, onions, green beans, carrots) total 12 cups of vegetable which provide 48 servings of 1/4 cup.</p>			<p>HACCP/Serving Instructions:</p> <ol style="list-style-type: none"> Place colored tray on the line for self service. In between serving remove tray from serving line and return to refrigerator. Hold at 40°F or lower throughout serving. Check temperature again during serving. If above 40°F, remove from line and chill to 40°F or lower. <p><i>Discard unused product after two days.</i></p>
